DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC.: (Investigating Officer must sign)

Date March 24 1927

~~157-400-280~~

~~On March 19 mid-afternoon~~, I answered the phone and what sounded like a middle-aged woman asked to speak to Junior Brandenburg. I told her Junior was not in the office, but, could I take a message for her. She said no, she had to talk to Junior. I then told her I would try to locate him and she said by then it would be too late. I told her if her information was confidential I would take the message, put it in an envelope, seal it and lock it in a file cabinet for Junior.

I stated our job is such that we are unable to tell anyone any information that is confidential. She then spoke to someone in the background. When she came back to the phone she said she would give me the message, but she could not give her name or phone number. She stated at this time they did not want to be involved. Then she said ~~Christopher Busch was in town with two minors~~. I asked if she could please tell us where she had seen him and the two minors. She again spoke to someone in the background. When she spoke to me again she said she could not tell me. I told her how important this could be to enable us to find him. She asked me to wait a second and she spoke to someone in the background again. I could hear her saying, "Why did you have me call them at all if I can't tell them enough to help them?" She then told me in an angry voice, "I am sorry, I can't tell you more, but I would if I could!" I thanked her and told her if she changed her mind please call us right away. She said, "All I can say is go to his place on Ess Lake and just please check it out!"

I listened very carefully for any background sounds while talking to the woman. I feel the phone was very near a Grandfather Clock as the tick-tock sound was very loud and clear. There was no music or television sounds in the background, other than the sound of the clock.

The womans voice was loud or soft, she spoke in a normal tone of voice. It
