INTRODUCTION:

On this date, 8-8-73, Pasadena, Texas Police department investigated a murder that they had in their city. In their investigation it was found that the subject that was killed was DEAN CORLL (WM) (33). The man that killed him was ELMER WAYNE HENLEY (WM) (17). Elmer Henley told the Pasadena officers that the man he killed had told him that this Corll had killed several young people and buried them in a storage garage in Houston. Pasadena police notified Houston homicide that they would bring their suspect to us and we could work from there. Elmer Henley was brought to the homicide office and then along with the pasadena Pd. directed us to the above location. The digging process was started and several bodies were uncovered. We arrived at the above location at 5:30 PM and the first body was uncovered at approx. 6:00 PM. FOR FURTHER DETAILS, SEE DETAILS OF OFFENSE.

SCENE SUMMARY:

The scene of this offense is on a large lot with twenty boat or storage garages. These garages are in an 'L' shape. The first thru five are facing west. # 6 thru twenty are facing north. Those facing north are approx 200 feet from the street. The entrance to the lot is on the northwest corner of the lot. The actual scene is stall # 11. There are two doors on this sta ll and they are hinged on both sides and open in the middle and swing to both sides. The door to this stall was locked with a heavy duty craftsman padlock. This locked was furnished by the owner. The owner being the one renting the sta ll. As there was no key available the door had to be forced open. This # 11 stall is approx 12 feet wide and 30 feet deep and 14 to 16 feet high.

INSIDE OF GARAGE:

As you open the garage doors there is a blue carpet approx 12 X 12 laying on the dirt and shell floor. It started at the door and went approx 12 feet in. There were a couple of other scraps of carpet laying on top of the large carpet. Along the left wall (which is east) going north to south just inside of the door there was a large empty cardboard box which had contained a piece of furniture. South of the box along the wall was two large compressed gas bottles. next was an empty cardboard which had contained a refrigerator. Approx 12 feet south along this east wall the ground was cracked and raised. A garden rake with a broken handle was leaning against the wall just south of the cracked ground. There was what appeared to be lime on this rake. Just south of this rake was a hub cap, chrome, leaning against the wall. Then just south of the hub cap almost in the corner was a galvanized wash tub which was empty. Directly in the south east corner was a pair of green pants laying on the ground.

Along the back (south) wall there is a shelf which is wood about 5 feet from the ground which runs the length of the back wall. There was several items on this shelf.

Along the west wall from north to south (as you go into the door) there were eight metal containers, olive green, civil defense, approx 20 gallons in size which were empty. Laying on top of one of the first cans were two ten pound bags of lime. There were two regulator gauges with rubber hose on top of the last cans. There were two 20 gallon gargabe cans which were empty. These were next to the other empty cans. Just south and along the wall was an empty 10 lb. bag of lime and this was inside of a large plastic bag. Just south of the empty bag of lime there was a small bicycle boys type, color red with a white banana type seat. Just south of the bicycle laying against the wall there was a short handle shovel and the top portion of the broken rake handle. Just south of the shovel was a clear plastic bag which contained two pair of men shoes and assorted clothing. Hanging on the wall over the bicycle was a pair of surf board racks which fit on top of a car.

In the center of the garage and parked all the way to the back was a chevrolet camaro. This car. This car was completely stripped including the motor, hood, front fenders, instruments, seats, and right front wheel. Leaning against the left front wheel was another short handle shovel.

Approx 1/3 of the way in the garage was a 4 X 8 sheet of plywood nailed to a cross piece 4 X 4 about 8 feet high. This made the bottom of the plywood approx 4 feet from the ground. One end of the plywood was against the east wall.

SCENE SUMMARY (INSIDE OF GARAGE CONT'D)

GRAVE SIGHTS:

✓ GRAVE # 1.

As mentioned earlier approx 12 feet inside the garage and along the east wall where the ground was cracked the first digging was started. Approx 8 inches below the surface the first body was discovered. This body was laying on its right side with the head to the south and feet to the north. The feet was about 18 inches below the surface. The body was facing east. This body was nude and wrapped in clear plastic. Around the feet was white tape. There were body fluids inside the plastic. The body looked swollen but intact. There was white lime all in the grave around the body.

✓ GRAVE # 2.

Immediately at the feet of the # 1 body (north) and about 6 inches deeper there was another starting of a body. This was a head wrapped in a green plastic bag. This bag covered the head and upper torso. The head was to the south and the feet to the north. The body was laying on its left side and in a crouched position. The body was facing west. This body consisted of bones with a small amount of flesh. There was a small cord tied around the neck. The hair was partly out of the bag and it was light brown or blond. This body had lime around it.

✓ GRAVE # 3 (This contained two bodys)

This grave run east and west and was approx 12 feet inside the garage and approx in the center. The reason for digging in this location was there was fresh dirt and sort of a mound. Approx 6 inches below the surface there was a piece of plywood approx 12 inches wide and 6 feet long. About 6 inches below this board two bodies were uncovered. Both bodies were wrapped in clear plastic and both were tied with approx half inch rope. There was lime around both bodies. The body on the north side of the grave was lying on its left side head to the east and feet to the west facing south. The body on the south side of the grave was lying on its left side and with the head to the west and feet to the east. It appeared that these two bodies were buried at the same time because they were touching each other and there was no dirt between them.

DETAILS OF OFFENSE:

The precise details are unknown at this time but this much is known at this point: Located in the storage space number 11 at the above address was unearthed several shallow graves in which the remains of several bodies were recovered. At this point in the investigation the identity of the victims is unknown but there is probable cause to believe that the bodies will be those of young white males (possibly females also) listed as missing between the fall of 1970 and today's date.

The Pasadena Police investigated a killing of DEAN ARNOLD CORLL (WM)(33) of 2020 Lamar, Pasadena, early this AM. This man was reportedly killed by ELMER WAYNE HENLEY (WM)(17) (DOB 5-9-56), 325 W. 27th, told Pasadena detectives that the man he killed had told him that he had killed DAVID HILLIGEST (WM)(13) and had buried him in the floor of the stall. Henley stated that he was taken to the stall by the deceased and that he had him help him carry off some dirt which was already in 20 gal. garbage cans. He admits that he was told about the killing about a year ago and did not know whether to believe him or not, but after going to the stall he believed he was telling the truth. He states that he has known the deceased for about three years and that he had introduced the boys who are still missing to the deceased. He also said that the deceased hinted that MARTY JONES (WM)(18) and CHARLES RAY COBBLE (WM)(17) (listed as missing July 26th, 1973 in case D-31392) were also buried there. (HENLEY NEEDS TO BE TALKED TO AT LENGTH). He would not admit to taking part in any of the killings and burials but does admit to being in the stall before and in fact lead officers to this scene. The deceased according to Henley is a homosexual and had asked him several times if he (deceased) could commit oral sodomy on him and he stated that he refused. Henley stated that he knew both Marty Jones and Charles Cobble and said that about a month before they were missing while he and the deceased were working on his mother's car in front of his home on W. 27th that Marty Jones came by and he introduced him to Dean Corll. He said that he did not know if Cobble knew Corll or not but since he was missing with Jones he believed that they were also buried in the ground at this stall of Corll's.

This stall was rented by Dean Arnold Corll on 11-17-70 according to the owner of the storage units, Mrs. M.E. MEYNIER (WF)(64), 13001 PLAYER, 723-2487, and that he paid \$20.00 per month mostly by check on the HEIGHTS STATE BANK (Mrs. Meynier also has check numbers if needed.) She said that he seemed to be a very nice person, and that he worked for H. L. & P. Co. contd. pg.

Power Center located on Main at Hiram Clarke. She stated that he drove a van truck and that he was often seen going to his stall in the morning before going to work.

While trustees were excavating the floor of the stall the Henley subj. mentioned that there was another boy missing the same time as the HILLIGIEST boy, and that his name is GREGORY MALLEY WINKLE (WM)(15) listed as missing since 5-29-71. Also while at the scene a boys bicycle was found inside the stall and found to be registered to a JAMES STANTON DREYMALA (WM)(17) 5411 LAUREL CREEK, reported missing AUGUST 3rd, 1973.

Also while at this scene the daughter of Mrs. Meynier, Mrs. Julie Harriman (WF 29) lives with mother, stated that the deceased (Corll) was seen as often as two and three times a week making regular trips to his stall and appeared to be either unloading or loading things into or out of this stall, and that on one recent occasion that he was observed from their dining room window (located about a hundred yards from the scene) back up to his stall and that he and another smaller subject (white male) who appeared to be much younger unload what appeared to be a heavy, long object from the van and put it in the stall. Mrs. Meynier also mentioned earlier that Corll also always had alot of new rope with him. She did not ever seeing anything that would lead her to be suspicious of his activities. It was also learned from the daughter that Corll had been asking about renting another stall from her and as recently as ten days ago, but she did not have any vacant stalls to rent to him.

PASADENA POLICE DETECTIVES D.M. MULLICAN & SIDNEY SMITH had ELMER WAYNE HENLEY IN CUSTODY AND BROUGHT HIM TO OUR OFFICE AND FROM HERE HE LEAD US TO THE SCENE OF THE BURIAL SITE LOCATED AT 4500 Silver Bell.

Four bodies had been unearthed at the time we left the scene at approx. 11PM and turned the scene over to Detectives Jerry Carpenter and George Neal.

Before leaving the station the pictures attached to the missing person's report on Charles Cobble and Marty Jones were identified by Henley by name as he stated that he knew both subjects.

At the scene I also talked with a GEORGE MASON (WM)(28) who works at a nearby P.& J. AUTOMOTIVE REPAIR SHOP, 13010 Pflayer, hm ph: 723-0954, work: 723-0477, who stated that he observed the stripped Chevy Camara found in the stall in December being driven into the stall. PROGRESS REPORT:

We Carpenter and Neal were assigned by Lt Kersten to go to 4500 Silver Bell and relieve Dets already at the scene of this offense. We arrived at the scene at 10:45 P.M. and found that the digging was still in progress. We took command of the scene at 11:00 P.M. and dets Siebeneicher McComas and Earls came to the office to start the report. When we arrived the above dets reported to us that they had found and removed 4 bodies from three separate graves, and the fourth gravesite was in the process of being dug.

From the fourth gravesite with trustees digging we observed 4 skulls and numerous bones taken from the gravesite, they were recovered in the following order.

- ✓ BODY # 5. was found in a decomposed state with the head to the South and the rest of the remains in a Southerly direction. This body was found at 10:45 P.M. and removed from the scene by Bob Lee Funeral Home. (FOUND) (10:45PM) The remains showed no evidence of clothing and was in a badly decomposed state.
- ✓ BODY # 6. Was found just beneath body #5 lying at a 45% angle with the head toward the Southeast with the remains pointing Northwest. This body was found to be partially wrapped in clear plastic material, (FOUND) (11:20PM) and was decomposed to the point that it was ~~EX~~ impossible to determine in which direction the arms and legs were lying as there was no flesh left on the bones. This body was ~~XXX~~ also removed by Bob Lee Funeral Home, and taken to the Morgue.
- ✓ BODY # 7. Was found lying beneath where the skull of body #5 was found with the torso from the neck down being in a plastic bag, it appeared (FOUND) (11:30PM) this body was lying on its left side with the head toward the East and both legs drawn up toward the stomach. The following articles were found just beneath this body and in the immediate area.
 - (A) 1 Length of brown hemp type rope still ~~XXXXXX~~ tied in knots.
 - (B) 1 brown leather jacket with long fringe attached.
 - (C) 1 peice of blue terry cloth material.

(ALL THE ABOVE PLACED IN BAG WITH BODY # 7)

GRAVE #8(Continued)

Due to the difficult digging in this grave site, it was not discovered that it contained two bodies until a third femur was found. At this time most of the smaller bones had been placed in one bag, so both remains were placed in the one bag. In this grave the following evidence was found: 2 WALLETS, brown leather; CIGARETTE LIGHTER, red; CIGARETTE LIGHTER, small chrome colored; ONE KEY ON RING; POCKET KNIFE, small; PLASTIC BILLFOLD INSERT, empty; FIN ON BUTTON, black, 1 3/4" in diameter; PLASTIC BILLFOLD INSERT, containing a Regan State Bank calendar(1971), and ID card for EDWARD WALDROP, 904 1/2 Tulane, Houston, and Social Security card for Edward Waldrop, [redacted] 405 E. 1st St. Jacksonville, Fla; and, found separatley a HOSPITAL ID CARD for Grady Memorial Hospital, Atlanta, Georgia, for JERRY L. WALDROP, 594 Wash St. SW, stating that the parents were EVERETTE & MARY INEZ. Upon returning to Homicide we learned that Det Gamino had received a call from EVERETTE WALDROP, WM43, 455 N. Highland Ave N.E. #4, Atlanta, Ga, and that the ID for Edward L. Waldrop had been carried by DONALD WAYNE WALDROP, DOB: 8-14-55 and that Missing Person reports are on file for Donald and JERRY LYNN WALDROP, DOB: 9-15-57. See Det Gamino's supplement for other details regarding this. Only skeletal remains were found. The Waldrop brothers have been missing since 1-30-71.

GRAVE #9: (Body #15)

This grave was found about 2' south from the door of the garage and about 1 1/2' east from the west wall. This grave was about 1 1/2' deep to the top of the body. The body was laying on its left side, head to the west and the kness drawn up against the chest. A small cord was wrapped around the body. This body still had a considerable amount of flesh on the bones.

GRAVE #10: (Body #16)

This grave was found about 6' south from the door of the garage and about 6' east from the west wall. This grave was about 2' deep to the top of the body. The body was on its right side with the head to the east and the legs drawn up against the chest. This body also had a considerable amount of flesh on the bones. Found in this grave next to the body were a pair of black leather boots, and a pair of blue cotton pants(rib type).

GRAVE #11; (Body #17)

This grave was about 9' south from the door of the garage and about 9' east

from the west wall. The grave was about 3' deep. The head was to the east, body on the left side, and knees were drawn up against the chest. This body had considerable flesh on the bones. Found in this grave site were a pair of leather high top shoes, yellow sock, and green plaid pants (Farrar brand). This last body was found about 8:30 PM.

NOTE: Bodies #9 thru #17 were found on August 9, 1973, starting at approximately 12:05 PM to approximately 8:30PM.

PROGRESS REPORT: 8-9-73

Upon arrival at the scene on 8-9-73 at 11:30AM, Det Earls received from the owners of this garage rental business information regarding cancelled checks they had received from Dean Corll. These indicated that Corll had used two bank accounts: HEIGHTS STATE BANK, account [REDACTED] and REAGAN STATE BANK, account [REDACTED]

CORONER:

Before beginning digging on 8-9-73 the Medical Examiner's office was contacted and we were advised thru our office that no ME would be at the scene but that a body car would be dispatched. All bodies and other items found were taken to the Harris County Morgue unless other disposition of listed items were stated above. Bodies #9, 10, 11, & 12 were transported by Posey funeral home. Other bodies were transported by Brookwood, driven by Charles Griffin, J. W. Griffin, and Bobby Cook.

EVIDENCE TAGGED:

The partial Houston Police Offense Report found above body #9 and below body #3 will be placed in the lab lock box in ID by Det James, who recovered it and kept it in his possession, to be processed to try to determine if any writing was on it.

The below listed items found by bodies #13 & #14 will be submitted to the lab lock box to determine if there is any more identification on them:

- 1-BILFOLD, brown
- 1-BILFOLD, black

Officers continued gathering information in this case.

I contacted by phone the parents of the deceased, Dean Corll, (941-8335) and talked to both the father, Arnold Corll and the stepmother, Mary Corll. Both said that they do not believe that their son was involved as the other subjects indicate and mentioned also that their son has a girlfriend, BETTY HAWKINS (WF) with three different phone numbers for ~~her~~ her: 342-4827, 6954385, & 522-9859) and that she did not believe he was homosexual and suggested we talk to his girlfriend.

She also stated that they were in contact almost daily with their son by phone and said that he had been living in Pasadena at their home for about the past three months and that he always seemed to like to do things for young boys; things like take them in and give them a place to stay, some food, and take them on outings to Galveston. She and the father did admit they did not know about their son's sex life.

She asked me if we had found anyone that knew Dean to know he was unusual other than the boys we have in custody.

Mrs. Corll stated that her son has worked for the Houston Lighting & Power Co. for about 10 years and also stated that she worked for the same company. She said all of her son's coworkers are shocked at the reports on Dean and cannot comprehend him being so.

She also mentioned that she believed the other boys were involved to a much greater extent and that Dean had in his property a check from DAVID BROOKS (WM) (18) dated 4-5-72, on Reagan Bank in the amt. of \$15.00 and that it not cashed.

The parents of Dean want police to be sure and not put all of the killings on her son without first finding out the involvement of the others and I assured her this was being done at this time.

She also stated that she feels certain that other boys had access to Deans storage bldg. and believes the killings or bodies were buried after the boys may have overdressed; also that someone else other than Dean has been using his War.

Mrs. Corll mentioned that the family had a cottage on the lake at Lake Sam Rayburn and gave directions to same as taking the route to Woodvine to Zavalla, then left on 147 to Broddus, cross bridge to

PROGRESS REPORT: 8-9-73

We, Hamel and Tucker, were assigned by Lt. Porter to accompany him to Lt. Belcher's office in the Criminal Intelligence Bureau. We went to that location where Lt. Belcher introduced us to a David Brooks, and his father and uncle. Lt. Belcher advised us that they were personal friends of his and they had come to him and told him that David Brooks had been involved with Dean Corll and that he wanted to tell us what he knew about the activities of Dean Corll.

David Brooks was brought to the homicide office where he made a witness statement which is attached to this report. In this statement he tells of living with Corll for a period of time and about his relationship with Dean Corll and Wayne Henzley. At that time he stated that he had been told of murders which were committed by both Henley and Corll but he denied having any involvement in the murders themselves. He stated that he had never witnessed any of the murders and that he had not been involved in disposing of the bodies. In his statement he also told of two boys who he knew personally who he thought were killed and listed them as Mark Scott and Ruben Haney. For further details see his written statement.

At approx 1:30PM, after this statement was finished, we heard from Pasadena Police Department that Henley was making a confession and that he had implicated David Brooks as being involved deeply in these murders. At about 2:30PM Wayne Henley was brought to the Homicide division by Pasadena Detectives and he confronted Brooks and told him that he had told about these offenses and that he, David Brooks, should make a clean break of it and tell what he knows. At this time Brooks was placed under arrest. A hold card was filed out and he was taken before Judge Michael Gordon at 5:18PM and then he was placed in the city jail.

Before this subject was placed in the city jail he asked that he be allowed to speak to his father which he did. After he had talked to his father, Lt. Porter was called into the office and at that time Brooks orally admitted his part in these murders, and stated that he would ~~state his part in these murders in the High Court in the morning~~. After that he stated that he wanted to get a night's rest and that he would tell us about it in the morning.

PROGRESS REPORT:

At 11:30p.m., 8/9/73, Mr. Forace Lawrence, called the Homicide Office and said that he reported his son, William Lawrence missing from his home since 6/ /73, but that he just made the report today, 8/9/73, when he began hearing about the bodies being found in this case.

Mr. Lawrence said that he learned that Alan Beardsley was a friend of his son's, William Lawrence, and that about a month or two prior to his son being missing, Alan saw his son with Wayne Henley. This would be in April or May of 1973.

Det. talked to Alan Beardsley, WILLIS, 416 W. 31th., 862-5251, who stated the following; About a month or two prior to William Lawrence being missing, Alan saw William with Wayne Henley at William's house, 310 W. 31st.. Alan said that he and William both knew Wayne Henley, and that Wayne was trying to get William to go in with him on selling narcotics. Alan could add nothing ~~more~~ else at this time.

Mr. Lawrence also said that he saw the photo of Henley in the Chronicle and recognizes him as having been at his house previously, visiting William.

Mr. Lawrence said that his son had no deformities or broken bones, but did have the two upper front teeth chipped, in the form of a "v". His son had had dental work done by Dr. William George, 20th. @ Ashland.

Mr. Lawrence works for the Houston Post, 6507000, Ext. 571 or 572.

The missing person report of William Lawrence is attached to this case.
